## Mobile Developer (iOS + Flutter)

knotto.vt@gmail.com • <https://knottx.github.io> • Bangkok, Thailand

I build mobile applications and enjoy turning ideas into impactful solutions. Currently working on exciting projects in Flutter, focusing on seamless user experiences and efficient tech solutions. [Portfolio: https://knottx.github.io](https://knottx.github.io)

## Experience

---

### SMARTSOFT ASIA Co., Ltd. | Bangkok, Thailand

#### Lead Mobile Developer | Apr 2023 - Present

- Mentored interns and juniors, guiding them in writing Flutter and iOS native applications.
- Led mobile app development projects and contributed to architecture and design decisions.

#### Senior Mobile Developer | Oct 2020 - Mar 2023

- Designed and developed iOS & Android apps using Flutter and native iOS apps with Swift.
- Experienced in integrating payment SDKs (Stripe).
- Analyzed and improved existing app features to enhance performance.

#### iOS Developer | Oct 2019 - Sep 2020

- Designed and developed native iOS apps with Swift using RxSwift.
- Integrated Omise and 2C2P payment SDKs.
- Conducted performance analysis and improvement of existing applications.

### GIS Soft Co., Ltd. | Bangkok, Thailand

#### System Engineer | Apr 2014 - Dec 2014

- Work with developers to design test cases, Report defects or possible issues of the software
- Perform functional, non-functional, system, and user acceptance testing

## Open Source Contributions

---

- **Owner:** [aes256](#), [SimpleHUD](#), [AppStoreManager](#), [ImagePickerManager](#), [JWTCodable](#)
- **Public:** [get\\_cli](#), [image\\_gallery\\_saver](#), [flutter\\_stripe](#), [SideMenu](#), [flutter\\_barcode\\_sdk](#), [edge\\_detection](#), [flutter\\_json\\_view](#), [http\\_certificate\\_pinning](#), [homebrew-cask](#), [app\\_settings](#), [R.swift](#)
